

BARRE GOT ITS GAME

Defeated Montpelier in Third Game of Series

BY A SCORE OF 10 TO FOUR

Knapp Pitched a Strong Game for Barre, While Theriault, Who Was an Enigma Before, Was Rapped for Thirteen Hits.

Ashmore's "hammers" got even with Daley's "comers" for one of the two defeats the latter administered on the fourth by trimming them, 10 to 4, at the Inter-city park yesterday afternoon. Barre got after Theriault, the Montpelier pitcher, who held Barre down to three hits in the first game Saturday, and rapped him this time for 13 hits, including one two-bagger by Knapp in the seventh inning, bringing two runs.

Knapp was the box artist for Barre and pitched good ball, allowing but five scattered hits. The Barre team played a much stronger game than in their first line-up Saturday, and proved themselves an equal match for the strong Capital Cityites.

The game went three innings with no scoring, but in the fourth Barre scored once and Montpelier went home one better in their half of the inning. Barre got a run after two were out. Wright, after Smith had flied out to center field, got to second on Crapo's wild throw to first and went to third on a wild pitch. Wishart died on a ground hit to Crapo and Buchanan hit to Pierce, who fumbled, and Wright scored. Dombrowskie and Davidson each drew a pass to first, filling the bases, but there was nothing more to it, as Duncan fanned, retiring the side.

In Montpelier's half Wakefield was up first and drew a pass. Laird then rapped out a two-bagger to center field, advancing Wakefield to third. Brishaine hit a grounder to Smith and Wakefield beat out the throw to the plate. Recette batted to Smith, who was too slow to cut off Laird scoring from third, but threw out Recette at first. Theriault and Carbo were flied out.

In the fifth, Montpelier had its bad inning. Barre getting five runs on two hits and two errors. Knapp was up first and rapped out a single into center field. Ashmore attempted to sacrifice, but Brishaine juggled the ball on a high throw from the pitcher. Smith rapped out a fly to short left field and Laird muffed it, Knapp reaching third on the error. Smith hit to Reggie, who threw low to the plate, and the ball got by Wakefield, allowing Knapp and Ashmore to score. Wishart hunted to the pitcher, who threw the ball into the dirt in front of the plate, and Smith and Wright both scored. Dombrowskie fanned and Davidson then rapped out a clean single into left, scoring Wishart. Duncan flied out to center field. Montpelier was blanked in its half of the inning.

In the sixth Ashmore scored for Barre, after singling and stealing second, going

to third on a wild pitch and scoring after Smith's long fly was caught in center field. Brishaine crossed the rubber for Montpelier in the last half after forcing Laird out at second on a ground hit to Smith, stealing second and scoring on Theriault's hit by Duncan, who was prevented from getting in front of the ball by Recette running into him.

Buchanan and Dombrowskie crossed the plate for Barre in the seventh. Buchanan singled and Dombrowskie got first on Pierce's fumble. Duncan hit through the pitcher, who knocked the ball away with his glove and Nash got it, but was not quick enough to catch Duncan at first. With the bases full, Knapp then pounded out a two-bagger into left center, scoring Buchanan and Dombrowskie. Duncan also tried to score, but was caught at the plate.

Montpelier got in one more run in the last half. Pierce hit safely and Nash drew a pass. Crapo went out on an infield hit and Wakefield hit to Dombrowskie, who threw Nash out at second. Wakefield started down to second and Knapp threw to Smith, who dropped the throw, and Pierce scored.

Barre made its last point in the eighth. Jim Ashmore was up first and singled by second. He then showed some of his old-time sprinting stunts and stole second and third and scored on Wright's single into left. Barre went out in order in the ninth, while Montpelier got a start when Carbo, the first up, singled, but was caught off second on Nash's grounder to short after Pierce had flied out to short. Nash attempted to steal second but was not fast enough to beat Buchanan's throw, and the game was over. The score:

MARRIAGE SECRET KEPT THREE YEARS.

Has Just Leaked Out That Miss Eas Became Mrs. Greene in 1905.

New Haven, Conn., July 9.—It leaked out yesterday that Miss Helen Eas, daughter of R. F. Eas, a local insurance man, was married to Louis Greene of this city, three years ago.

The exact date of the marriage was Oct. 29, 1905. It took place in New York at the Little Church Around the Corner. Mr. Greene came from Torrington where he was employed at the Turner Seymour company foundry and where he was well known. He went to Torrington from Canaan, Ct., which was his home.

For some years Miss Eas (now Mrs. Greene) has been the secretary of the G. F. Warner company, where Mr. Greene became an employee when he came to New Haven.

VERY CLEVER BOX WORK

"Swede" Olsen Tied Italian A. C. in Hard Knot

ALLOWED BUT TWO HITS

Besides That, He Struck Out 17 Men and Passed But One Man—Granville Won Deciding Game by White-wash Score, 6 to 0.

Whitewash was plenty at the rubber game played at the Rangers' field yesterday afternoon between the Italian Athletic club team and the Granville team, the latter organization doing for the Italians with a six to nothing score. The Granville pitcher, "Swede" Olsen, who formerly pitched for Goddard seminary, was practically the whole show and gave a box exhibition rarely equaled. He fanned no less than 17 Italians, gave only one pass and was touched for only two hits, one a single by Broggi and a double by Colombo.

The Italians did not seem to have a look-in from the start, being unable to hit Olsen's curves. The Granville aggregation played an errorless game, while three errors by the local team were responsible for several bases.

Neither side scored in the first inning. In the second inning Olsen was the first man to bat for Granville; he drew a pass and stole second. Smith flied out to Malbrini. Bruce made a single, advancing Olsen. Fraser singled and Olsen and Bruce scored. Pile got to first when Gabbelloni fumbled a slow rolling grounder. Miles went to first when Scampini missed an easy fly and Pile went to second and Fraser to third. Armstrong drove one to Scampini, who threw to the plate, getting Fraser, and Olsen got a single, filling the bases when Smith hit lightly to the pitcher, who threw him out at first.

There was nothing more doing until the eighth, when Fraser made a single, went to third when Miles caught the leather for a double bingle. Pile fanned. Fraser scored when Comelli missed the throw of Armstrong's grounder to the plate. Miles went to third on the play, but was caught at the plate. Donahue drew a pass. Craig was out, second to first. FISHERIES ACTION DELAYED.

This Question Is Not to Go to the Hague This Year.

Washington, July 9.—Contrary to the hope of the officials of the state department, it will not be possible to submit the disputed fisheries question between the United States and Canada to The Hague arbitration court for settlement this year. Under the arbitration treaty between the United States and foreign governments, ratified by the Senate, the last named body is required to give its assent to the specific issues arbitrated. These issues in the fishery question could be submitted to the Senate when it meets in December, so that it will be next year before the matter can be brought to The Hague.

The Eastern Question.

"Paw, have you ever been East?" "Yes; I spent a year in New York City when I was considerably younger than I am now."

"Well, what is the Eastern question?"

"The only one I ever heard was, 'How much is he worth?'"—Washington Star.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

HOPES TO BREAK \$2,000,000 WILL.

W. M. Ingraham, Jr., Who Was Cut Off With \$100, Will Fight.

New York, July 9.—William M. Ingraham, Jr., of Waverly, N. Y., announces that he has instructed his attorney to begin contest of the will of his father, a lawyer of Brooklyn, who died June 7, leaving an estate valued at more than \$2,000,000.

Mr. Ingraham is 48 years old and is employed as a salesman by a legal printing firm in Athens, Pa. For the last 30 years he has been estranged from his father. When the will was filed, it was seen that to William M. Ingraham, Jr., was bequeathed only \$100.

Two sons of the attorney, George S. Ingraham of Hyde Park, L. I., and Robert S. Ingraham of Sheboygan Falls, Wis., and a daughter, Miss Frances T. Ingraham, were the principal legatees. Miss Ingraham's share was a bequest of \$25,000 and mortgages valued at more than twice that amount.

To three sisters of the testator legacies were left as follows: Miss Jane J. Ingraham, \$25,000; Mrs. Sallie I. Harriman, \$25,000; Mrs. Mary Thirkield, \$15,000. Bequests of \$10,000 each were made to the wife and two children of the estranged son.

VICTORY FOR RAILROADS.

Need Not Keep Up with the Factory Extension.

Washington, July 9.—The Interstate Commerce Commission in a decision yesterday in the case of the General Electric company vs. the New York Central and other roads struck a hard blow at the "industrial lines." It laid down the principle that common carriers are under no duty to extend their transportation obligations with the extension of great industrial plants and to accept and deliver cars within the enclosure over a network of interior switching tracks constructed as plant facilities to meet the requirements of the industry. The General Electric company has an extensive plant at Schenectady, and sought compensation from the New York Central and other lines to cover the cost of the movements of loaded and empty cars between the interchange tracks and certain buildings of the company. The commission held the General Electric was not entitled to such compensation. The decision means much to the railroads and will doubtless result in destroying many of the industrial lines. Such lines in the past have been a fruitful source of rebating.

Publicity for All Funds—Committee Decides That Treasurer Shall Act Under the Campaign Law of New York.

Hot Springs, Va., July 9.—Frank H. Hitchcock, former assistant postmaster-general, one of the managers for William H. Taft in the campaign for the nomination for the presidency by the Republican party, was today unanimously chosen chairman of the Republican national committee.

The committee also chose George Runney Sheldon of New York to be treasurer of the national committee.

Arthur I. Vorys was designated as a member of the Republican national committee to have charge of the campaign in Ohio, and Cincinnati was chosen as the headquarters of the Republican national committee for the state of Ohio.

The executive committee issued the following statement: "Mr. George R. Sheldon is elected on the recommendation of Mr. Bliss of New York, former treasurer, who declined to accept re-election. Mr. Sheldon is the president of the Union League club of New York and was the treasurer of the Republican state committee during the campaign of Mr. Hughes for governor and rendered a complete statement under the publicity law of that state of the receipts and expenditures of the campaign."

"This was one of the reasons in addition to the recommendation of Mr. Bliss and the standing of Mr. Sheldon that has induced his election, as the law of New York requiring publicity will guide his action as treasurer of the national committee."

FOR A CLEVELAND MONUMENT.

Chicago Back of a Movement to Provide a Memorial.

Chicago, July 9.—A popular movement to provide a suitable memorial for Grover Cleveland, in recognition of his services to the nation and to Chicago, was started Tuesday night at the Union League club, where a dinner was given to representatives of the principal clubs and associations. A majority of the speakers favored the erection of a monument, although some held that a utilitarian memorial would be more fitting. Suggestions included an endowment fund for a sane Fourth of July, and a new staircase and dome for the Chicago art institute. Chicago's peculiar interest in a Cleveland memorial was emphasized by most of the speakers, several of whom dwelt in length upon the stormy scenes of 1894, when the then president sent federal troops to Chicago to preserve order and insure the uninterrupted movement of United States mails. A committee was appointed to consider plans for the monument.
